Director's Corner

What a busy month we had in May—We're so proud of all the children for the progress they have made. Congratulations to our Preschool Grads! We wish them well and nothing but success in their schooling ahead. June brings with it the warm weather and the fun of Summer—we are excited about all there is to come—and we can hardly wait to share it with you all! Thank you for being part of The CDC! Ms. Carman & Ms. Kim

JUST A FEW FRIENDLY REMINDERS--

Drop-Off/Pick-up - Also, please refrain from using/actively talking on your cellphone at pickup, as we need you to assume responsibility and be available should we need to speak with you. Thank you for your cooperation.

Extra clothing: Warmer weather is here, and with the warmer weather, please remember to bring in a new change of clothes for your children.

Footwear: For safety while playing outdoors we ask you please send your children in **close toed/heeled shoes** to wear during their day.

Code Red days: Due to the possibility of extreme heat and/or poor air quality on these days, the children will remain indoors to participate in indoor gross motor activities. When temperatures rise above 90 degrees, all outdoor activities will be limited to only 10 minutes or less.

Sunscreen: Please apply sunscreen before bringing your child to care. If you wish, you may bring sunscreen (original container) for your child as we will then re-apply it each day prior to your child's outside time. Sunscreen authorization forms are required for sunscreen to be applied. These forms will be available at the sign-in/sign-out table.

Safe Speeds in the Parking Lot: We kindly ask that everyone (team and families alike) please monitor their speed while driving in the parking lot. We've had some close calls and do not wish to see anyone hurt due to something so preventable! Top parking lot speed should never exceed 10 MPH.

Tuition Payments are due on **Friday—before care**. If they are received after Noon on Monday, late fees may be applied. To avoid late fees, or to simplify payments consider using the **TUITION EXPRESS** option. Questions or need a form? Speak to an Administrator, they are happy to help.

** Making Referrals Pay You **

What is the referral program all about?

The referral program is only for our current families... When our current families tell others about their CDC experiences it means a lot. So, when the referrals come in to enroll the referring family will receive a tuition credit - simple as that. What an easy way to save a lot of money on your own bill!

In May we took an entire week to celebrate our terrific teachers—it was so very much appreciated and of course, it was certainly well deserved! The administration and the CDC Board would like to thank all of the parents and families who helped contribute to making Teacher Appreciation Week so amazing for our teachers.
