Program Director's Corner

July was an exciting month just loaded with water play, sunny days and fun here at The CDC. Both of our summer camp and our child care classrooms have been enjoying this summer! Sno-cones from Aloha Snow have helped! Thanks to all who have participated! We hope your families have been able to enjoy the summer - despite all the heat July brought with it. Whatever you did/do in the remaining weeks, we hope your family it is wonderful, too! We will soon be ushering in the new school year—as it is just around the corner.

A new budget (and new tuition rates) will be approved this month in preparation for September 1st—BOLO! As well as center wide transitions are going to be happening the week of 8/15/22, our teachers have already started to prepare for this and the upcoming year. They are very excited about getting to work with the transitioning children. If you have any questions please do not hesitate to reach out— Let's make the 2022-2023 year the best yet! We are so excited!

During the month of July we had 5 staff members nominated for ToTM by parents/colleagues! A special note of Thanks & Congratulations to all our stupendous honorable mention/nominees — YOU ROCK! (Those nominees were: Ms. Anne, Ms. Jennifer, Ms. Vicky & Ms. Jackie. The outstanding team member and winner of this month's Teacher of the Month title is Ms. XXXX! She has been recognized for her passion, patience and dedication to the children in her class and our center. the Dragonfly classroom. Ms. XXX has become a staple to our center, and we're so grateful as she is wonderful & has a terrific smile to share with you! Ms. XXX—your team, the parents, your classroom...the whole center appreciates you and your contributions to our program. We celebrate you and all you do! Congratulations, to you, our August 2022 "CDC Teacher of the Month!!"

Can you believe it? Summer is almost over and we will all be in "back to school" mode. Time flies by way too quickly! Here at the Child Development Center, we are busy planning for Fall and Fall Session.

Teachers are gearing up for the new friends who will be joining their classrooms—during this time there will not be the customary 2 week transition process, as a majority of the children moving will do so together. There will be introductions to the new room/teachers prior, however, the move will be done as a large group—all at once to make it easier on the children so that new lessons to be taught. The team is ready to greet those little smiling faces. It is always exciting to start a new school year and to kick off Fall Session—we can all hardly wait. FYI—a budget has been proposed, and New Fall rates will be decided on by the Board sometime very soon, please look for the correspondence via email.

Heading into end of the summer months we wanted to remind you of a few important Center wide policies...

- If you need to make a program change please be sure to provide the center administration with written communication at least 2 weeks in advance. This applies to schedule changes as well as any disenrollment notifications.
- Both administration and the classroom teachers would like to kindly ask that families arrive prior to 9AM and the start of our day - any arrivals after 9 AM without prior notice (Appointments with note from Dr, etc.) may result in your child being turned away. After breakfast the children begin to transition into their day and the classroom's morning activities (center time learning activities, water play, morning meetings, etc.) having unexpected late arrivals disrupts the entire classroom and the learning taking place. We thank you in advance for your understanding and respect of all classroom learners.
- Lastly, please ensure that your child's toys and personal belongings remain at home while they are here at the Center. Not only can these become a distraction from the day, not to mention we want to prevent misplacement and/or to prevent having special items accidentally being broken.
