ADDITIONAL PERSONS NEEDING PRAYER:

Sheryl Leaman would like to thank everyone for the many prayers and good wishes during her recent immunotherapy treatments for melanoma. Our prayers are being answered!! A recent PET scan showed substantial decreases in the lung and adrenal masses and the pelvic bone mass is gone! The Dr. confirmed that this usually doesn't happen for at least several more treatments. Although side effects are challenging, she is able to tolerate the drugs and her body is responding well. Please continue to pray for complete healing with no serious side effects as the treatment will take 2 years to ensure that the cancer is in remission.
