## UPDATES ON CURRENT PRAYER REQUESTS

**Sandi Dell - Hospice Care has become much more frequent and she is using oxygen at all times. Plans are for her to remain in her apartment with her little dog as she is receiving care. Her son lives by and is very involved in her treatment and care. Prayers for peace and comfort as she enters into a new stage of her life and health.**

**Malakai Wolf - Is awaiting CT scan with possible further testing and specialized PT. No more serious recent incidents.**

Trinidad & Auman Families – Mandy Patterson asks for prayers for the Trinidad and Auman families as they navigate a very serious and traumatic situation.

**Jolene Zeigler – Continues recovery and rehab at home. Pain is managed much better now and she is gradually moving more and feeling more like herself! It is a long healing process and appreciates our prayers for patience, peace and strength in the coming days and weeks.**

**Bob Walker – Had outpatient hernia surgery a few weeks ago and is healing well. Is driving now and gradually adding more activity per doctor's orders.**

Shari Leaman (Diane Gibble's sister-in-law) - Broke her knee. Prayers for healing so she doesn't need knee replacement surgery which she feels is impossible at this time as she cares for her husband, Randy (Diane's brother). Randy Leaman continues to work with his medical team regarding management of his anti-rejection medication related to his liver transplant.

**Steve Fitzkee (brother of Gail Rutland) - Passed away this week on September 2 after receiving hospice care for a short time for stage 4 pancreatic cancer.
